Senate Condemns McCarthy's Conduct

No Vote On Zwickler Denunciation

WASHINGTON (AP)—The Senate voted official condemnation of Sen. Joseph R. McCarthy's conduct on two counts Thursday by a 67-22 vote, but refused to censure him for a "denunciation" of Brig. Gen. Ralph W. Zwickler.

In a tense, hushed finale to months of blazing controversy, the Senate completed its sole major item of business at a four-week extraordinary session by declaring:

1. The Wisconsin Republican's failure to help a 1951-52 investigating subcommittee, and his "abuse" of the group's members, are "condemned" on the ground they obstructed "the constitutional processes of the Senate."

2. McCarthy's "Communist handmaiden" and other charges against the Watkins committee, which recommended censure for him, likewise are "hereby condemned."

But another count—abuse of Zwickler when the general appeared before McCarthy's Investigations subcommittee last February—never even came to a vote. By a 64-23 margin, the Senate voted to rebuke McCarthy for his blast at the Watkins committee.

Finally after rebuking one of its own members for the fourth time in American history, the Senate adjourned sine die at 7:10 p.m. EST (6:10 p.m. CST). That means, in this case, until Jan. 5. McCarthy, the injured arm in a sling, came into the chamber when the final vote was in progress. He paused at the center rear door, then walked slowly behind the last row of seats on the Republican side just as the man who started the censure move, 74-year-old Sen. Flanders (R-Vt.), sang out a firm "aye."

Possible Choices To Succeed Pope

ROME (AP)—Who would succeed Pope Pius XII in the event of his death?

The College of Cardinals, now numbering 64, would make the decision.

For the first time in 600 years, Italians are not a majority in the College of Cardinals, but it is generally thought here another Italian most likely would be chosen.

Italians sometimes mentioned as possibilities for the papacy have included Msgr. Giovanni Battista Montini, Archbishop-designate of Milan; Marcello Mimmi, archbishop of Naples; Giacomo Lercaro, Archbishop of Bologna; Ernesto Ruffini, Archbishop of Palermo; Giuseppe Siri, Archbishop of Genoa; and Msgr. Domenico Tardini, a Pro-secretary of State at the Vatican.

Gregory Peter Cardinal Agagianian, Patriarch of Armenia, French-born Eugene Cardinal Tisserant, and the Australian Archbishop Norman Thomas Gilroy have been mentioned as possible choices from abroad.

NEW OFFICER PLEDGES GAMBLING CRACKDOWN

CHICAGO (AP)—The man who will become chief of the Cook County sheriff's police next week said Thursday that "gambling will not be tolerated" in the county.

The pledge was made by Thomas P. Brennan, named to his post by Sheriff-elect Joseph D. Lohman.

Brennan was administrative assistant to the state director of public safety during the administration of former Gov. Adlai Stevenson. He recalled Thursday that, in that capacity, he had directed more than 1,475 gambling raids in 50 counties. The 50-year-old Brennan more recently has been a Chicago police sergeant.

Ike Asks U.S. Guard Against Letting Reds Goad Nation Into War

WASHINGTON (AP)—President Eisenhower counseled patience for Americans Thursday, saying the United States must stand steady in the face of Communist provocations "and refuse to be goaded" into impulsive acts which could lead to war.

Calling that "the hard way" to face such tactics as the imprisonment of the 13 Americans by the Chinese Communists, Eisenhower said the easy course would be "to adopt a truculent, publicly bold, almost insulting attitude."

Specifically, the President told his news conference he believes a blockade of Red China, such as has been urged by Sen. Knowland of California, the Senate Republican leader, would be an act of war.

Eleven of the 13 imprisoned men are airmen and Eisenhower commented indignantly that these 11 "by the Communists' own propaganda and testimony made public, were in uniform."

"They were soldiers captured in the Korean War," he said. "Consequently they were to be treated as prisoners of war under the terms of the armistice."

The Chinese accused the 13 of spying, a charge the State and Defense Departments have already vigorously denied.

The President was reticent in the case of the two civilians whom the Red Chinese charged were espionage agents for the U.S. Central Intelligence Agency. Asked about the status of these two, Eisenhower said it was cloudy, he thought, and he couldn't discuss it in detail.

The Army has said the civilians were employed by it and had been lost in an airplane mishap. While the airmen drew prison terms of four to 10 years, civilian John Thomas Downey of New Britain, Conn., drew a life term and George Fecteau of Lynn, Mass., was sentenced to 20 years.

Eisenhower offered this general pattern of conduct for America: "We must make certain that our efforts to promote peace are not interpreted as appeasement or any purchase of immediate favor at the cost of principle, but we must, on the other hand, be steady and refuse to be goaded into actions that would be unwise."

He named the United Nations as one possible means for winning release of the captive Americans, and by inference put the problem up to the U.N. by saying: "How the United Nations can possibly disabuse itself of a feeling of responsibility in this matter, (Continued On Page Eleven)

Stephen Sheppard Launches Defense Of Brother's Life

CLEVELAND (AP)—Dr. Stephen Sheppard launched the defense of his brother's life Thursday, testifying there was tampering on the scene of Marilyn Sheppard's July 4 murder.

The brother, Dr. Samuel Sheppard, is on trial for his life, accused of murdering his wife after an affair with another woman.

Dr. Steve said police pictures show Marilyn's lifeless arms in a different position than he found them that morning. And he testified Dr. Sam's brown jacket was not neatly folded on a downstairs couch—a key claim in the state's attempt to send the 30-year-old Dr. Sam to the electric chair.

The witness, 34, described his youngest brother as a kind parent, a thoughtful, loving husband who brought home unexpected gifts and was ready with compliments on his wife's new dress. He also called him "the most level-headed of our entire family."

Rescue Five From Airliner Wreckage, Two Others Killed

BERLIN, N. H. (AP)—A brave young stewardess and four men were hoisted by helicopter from a frozen, desolate mountainside Thursday—46 hours after an airliner crashed, killing two of the plane's personnel.

The Northeast Airlines DC3 was discovered Thursday morning by searchers as it nestled in a glistening forest of ice-coated evergreen trees. The plane was reported overdue Tuesday noon on a flight from Boston to Berlin.

The fatalities were the first involving employees in any scheduled operation of the airline which never has suffered a passenger fatality.

Dead were the co-pilot, George McCormick, 37, of West Hurley, N.Y., and John McNulty, 39, of Boston, a flight superintendent. They were crushed against the windshield as the big ship nosed into the side of Mt. Success, a mile from the Maine border.

The plane's left engine burst into flames and it took the five survivors 3½ hours to extinguish

Iowa Girl's Steer Brings Top Price Of \$15 A Pound

CHICAGO (AP)—A year of loving care for a puny calf she fattened into a grand champion steer brought nearly \$25,000 in cash and gifts to a 16-year-old Iowa farm girl Thursday.

The 1,110-pound summer yearling Aberdeen-Angus "Shorty," owned by 110-pound Janice Hullinger of Manly, Iowa, was sold at auction for \$15 a pound, second highest price ever paid for a grand champion at the International Live Stock Exposition.

Gustav Allgauer, Chicago restaurateur, paid the pretty, five-foot Janice a total of \$16,650 for the sleek, black steer with which she won the junior steer championship Saturday and then went on to take the grand champion steer award in the open class Tuesday.

The reserve grand champion steer of the show, "Salty," a 1,150-pound shorthorn owned by Barbara Clausen of Spencer, Iowa, brought \$3 a pound, the same as last year. Barbara, who was second to Janice in the junior show as well as the main event, received a total of \$3,450 for her steer.

Lodge To Ask U. N. Move For Release Of 11 U. S. Airmen

UNITED NATIONS, N. Y. (AP)—Henry Cabot Lodge Jr. announced Thursday the United States will request the U. N. to move for the release of 11 American aviators sentenced to jail as spies in Red China. Lodge said he is confident the United States will get support here.

The chief American delegate to the U. N. rushed from conferences at the State Department to a meeting of the 18 U. N. members who fought the Reds in Korea and then told newsmen:

"Great concern was expressed by all present at the fate of the 11 aviators and no doubt action will be taken by the United Nations... 'This organization can't go on if it does not stand by people who go to bat for it when it gets into trouble.'"

Lodge and other delegates in the conference, which lasted more than an hour, said there would be another meeting Friday.

Meeting with Lodge were top delegates of Britain, France, Canada, Australia, Belgium, Colombia, Ethiopia, Greece, Luxembourg, The Netherlands, New Zealand, The Philippines, Thailand, Turkey, and South Africa.

The Red Chinese announced that 13 Americans had been sentenced to jail terms on charges of spying. Several senators in Washington have called for action.

Lodge confined his statement to 11 American aviators in the U. N. forces. He said the other two Americans mentioned in the Red Chinese announcement were not in the U. N. forces and therefore were not included in the action contemplated here. He indicated they should be released, however, and said they are Americans just like the others.

CONVICTED MURDERER HELPS FRUSTRATE ESCAPE IN COOK JAIL

CHICAGO (AP)—A prisoner under death sentence for murder helped quell an attempted escape of four desperate inmates at the Cook County Jail late Thursday by flooring one of them with a punch to the jaw.

The would-be escapees, using a dummy gun made from a bar of soap, overpowered a guard, seized his keys and kicked out windows in their escape attempt.

But they gave up after Paul Crump, 23, a Negro prisoner under death sentence for killing a guard during a \$23,000 payroll holdup, knocked out Elmer Sherwood, 23, awaiting trial for assault to murder.

A guard lieutenant, William Gunkel, reached the scene as Sherwood was floored.

Crump said he swung on Sherwood because "they were hurting my chances of appealing—I had to."

Previously, he had been given pending an appeal to the Illinois Supreme Court.

Crump was convicted of murdering Theodore P. Zukowski, 43, chief guard, during a holdup of the Libby, McNeill and Libby Co. stock yards plant in March 1953. He was a former employee at the plant.

Of the would-be escapees, three are held on murder charges.

SENATE CONFIRMS LIBBY

Dr. Libby has been serving on the commission under a recess appointment.

Pope Pius XII Suffers Collapse, Is Near Death

Expanded Road Program Approved At Assembly

CHICAGO (AP)—Recommendations for a greatly expanded federal and state highway construction program Thursday won the approval of the 12th biennial General Assembly of the States.

The 18 governors and about 350 other delegates attending the Assembly gave support in a strong show of hands to a report and recommendations formulated by a special highway committee of the Governors Conference.

The report recently was approved by the Executive Committee of the Governors Conference for inclusion in President Eisenhower's proposed 50 billion dollar highway building program.

The report suggests that the federal government play a greater role in financing interstate highways but that actual construction, maintenance and policing of the roads be left to the states.

The recommendations were drawn up by a governors committee headed by Gov. Walter J. Kohler of Wisconsin.

Gov. George N. Craig, of Indiana urged two major highways affecting the two states. One would run from St. Louis, Mo., through Springfield, Ill., and across Indiana to Cincinnati, Ohio. The other would extend from Chicago to Louisville cutting through Indiana and across the Ohio River.

The governors' committee report and the Assembly's support of it will be forwarded to Washington.

Phenix City, Ala. Jury Witness Seriously Wounded

PHENIX CITY, ALA. (AP)—A witness who testified Wednesday before a grand jury investigating the murder of A. L. Patterson was stabbed in the throat and seriously wounded on a Phenix City street Thursday night.

He was identified as Johnnie P. Griffin, 35, who worked in a cafe just a few yards from the spot where Patterson was shot to death the night of June 18.

The murder of Patterson, attorney general-nominate of Alabama, touched off a clampdown on the vice-ridden town on the Georgia-Alabama border and brought partial military rule.

Griffin told National Guard investigators after regaining consciousness that he was stabbed by a Negro but that he didn't know his name. Witnesses corroborated the story.

National Guard Col. James N. Brown, military chief of police, said there apparently was no connection between the stabbing and the fact that Griffin was a grand jury witness.

The National Guard quoted Barbara Parker, about 21, as saying she saw the stabbing and that Griffin struck a Negro after daring him to cross a line on the sidewalk.

Doctors at Cobb Memorial Hospital said the wounded man is expected to recover.

The nature of testimony he gave in the Patterson case was not disclosed because such information would be kept secret under Alabama law, but he was described as a "material witness."

HONOLULU'S MAYOR-ELECT ASKS ABOUT DEFENSES

WASHINGTON (AP)—Neal Blaisdell, mayor-elect of Honolulu, was reported Thursday to have asked Adm. Arthur W. Radford at a closed meeting of government leaders and mayors what protection is available against an enemy submarine attack, with guided missiles, on Hawaii.

The official who related the incident said the chairman of the Joint Chiefs of Staff replied with a smile: "I don't think even the Communists would want to attack beautiful Honolulu."

BUGLING BACHELOR BUGLES AT 5 A.M. FOR 30 YEARS

BAXTER, Tenn. (AP)—Charlie Hughes—Baxter's bugling bachelor—hasn't let these chilly mornings stop him from blowing reveille on his bugle at 5 a.m. daily, just as he has for over 30 years.

Hughes started climbing a 20-foot pole to wake up the neighbors back in March 1924.

He said he started the practice as a good "healthy hobby" and has seen no reason to discontinue it, despite his 66 years. Hughes is a letter carrier.

Nationalist China, U.S. Sign Security Pact

WASHINGTON (AP)—United States and Nationalist China Thursday signed a mutual security treaty in which the United States pledged that it would consider an attack on Formosa "dangerous to its own peace and safety."

The pact, which will last indefinitely, was signed by Secretary of State Dulles for the United States and by Foreign Minister George Yeh of the Republic of China.

The key position in the text, which the State Department released after it was signed, says:

"Each party recognizes that an armed attack in the west Pacific area directed against the territories of either of the parties would be dangerous to its own peace and safety and declares it would act to meet the common danger in accordance with its constitutional processes."

Dulles said Wednesday that in the case of extreme urgency he thought the President would have the power to order U. S. forces into action if Red China attacks Formosa after the treaty becomes effective, but if time permitted the President would go to Congress.

The treaty made clear that the reference to territories covered Formosa and the nearby Pescadore Islands and U. S. - ruled islands in the Western Pacific. The Republic of China granted and the United States accepted formally the right to base land, air and sea forces in or about Formosa and the Pescadores.

One of the key provisions pledges that the two governments "will consult together from time to time" on defense problems.

Dulles said Wednesday he expected this would take care of the problem of Nationalist China's operations against the mainland.

The United States has been attempting to discourage Nationalist China from attacking the Communist.

Russia, Seven Red Satellites Establish Eastern NATO

MOSCOW (AP)—The Soviet Union and seven Eastern European Communist states Thursday night signed a pledge to pool their armed forces and put them under a joint command if the Western Powers ratify the Paris agreements to rearm West Germany.

Premier Georgi Malenkov and top members of the Soviet government attended the ceremony in the great Kremlin Palace. The signing wound up a four-day security conference called by the Russians to counter the West's defensive alliance, the North Atlantic Treaty Organization, with an Eastern version of NATO.

Foreign Minister V. M. Molotov signed for the Soviet Union. The other nations committed by the signatures of their chief delegates are East Germany, Czechoslovakia, Poland, Hungary, Romania, Bulgaria and Albania.

Red China was represented at the conference by an observer, Chang Wen-tien, its ambassador in Moscow, who declared his government threw its full support behind the eight-nation declaration.

A communiqué said the participants agreed to meet again, in case the Paris accords are ratified by Western parliaments, to take action putting the Communists' mutual security pact into effect.

Western leaders have set March 1 as the target date for ratification. When this is done 500,000

Started As Recurrence Of Gastric Ailment

VATICAN CITY Friday (AP)—Pope Pius XII has suffered a severe collapse, with a weakening of the gallant heart that has served him through 55 years of priesthood. Early Friday there was grave anxiety for his life.

Through the night, troubled Romans gathered in spacious St. Peter's Square and knelt on the cobblestones to pray for recovery of their Pope and bishop.

The Vatican's vicar general, Clement Cardinal Micara, urged the world's 425 million Roman Catholics to join in the prayers.

Members of the Pope's family, the Pacellis, were near his bedside in his simple white-walled bedroom.

Dr. Riccardo Galeazzi-Lisi, physician to the 78-year-old pontiff, was constantly at his side. He had made emergency X-rays and called in a surgeon for consultation.

Up to shortly before dawn there was no further word on the Pope's condition.

The Pope had been ill before in the nearly 16 years he had headed the church, but never so gravely.

This illness—starting as a recurrence of the gastritis and hiccupping that sapped the Pope's strength last winter—became serious last weekend. His collapse Thursday weakened his heart, and there also was an indication that his condition was aggravated by an ulcer.

He was extremely weak and had been unable to take any food by mouth for several days. His physician Thursday afternoon described the Pope as conscious and completely lucid. But apparently he was unconscious for a time after his collapse.

In the hushed corridors of the vast Vatican palace, church dignitaries waited anxiously.

At midnight, Msgr. Angelo Dell'Acqua, substitute secretary of state, announced "The situation is unchanged. There is nothing new."

But highly placed sources made it clear the Pope's condition was indeed serious.

Cardinal Micara announced the (Continued On Page Eleven)

GIRL, 16, SWALLOWS DINNER FORK

MUSKOGEE, Mich. (AP)—Wilma Herman's parents laughed when their 16-year-old daughter told them she had just swallowed a dinner fork. They thought she was joking.

Then Wilma started to cry and they knew it was no laughing matter. They rushed her to Hackley Hospital, where surgeons removed a full-sized dinner fork from her abdomen.

Wilma explained afterward that she was using the fork to depress her tongue while she examined her teeth.

Doctors say she "is recovering nicely."

CRUEL BUSINESS

Nothing is quite so maddening to a peace-loving nation like ours as the Communists' ruthless technique of false imprisonment on trumped-up charges. It is most aggravating because it is so difficult to combat.

The latest shocking episode of this kind, Red China's imprisonment of 13 American citizens for terms from four years to life, dramatizes a painful fact that has been long known: That the Communists did not return all Allied prisoners as they were required to do under the Korean truce agreement.

It goes without saying that this cruel business is international gangsterism of the worst sort, a violation not alone of the Korean pact but of the laws of war governing the status of prisoners. Men in uniform are not "spies," as charged.

But the point, of course, is: What can we do about it? A few voices raised in and out of Congress have demanded that we resort to drastic measures, declaring that "only force" will free these men.

Such a course clearly does not recommend itself to President Eisenhower, Secretary of State Dulles or Secretary of Defense Wilson, nor would it be likely to have appeal to most Americans who give the matter sober thought.

For "force" can mean just one thing—war. Even if we could find where the imprisoned Americans were being held, we could not by any stretch of the imagination expect to conduct a successful rescue raid into sprawling China. Thus war is the sole conceivable course of action left to advocates of "force."

Yet, as much as we cherish the life of every single American, the idea of plunging the whole nation into war and sending millions to their deaths in perhaps a vain effort to save 13 men from prison terms is something we cannot consider.

It would be very surprising if a single one of the 13 wants so colossal a sacrifice to be made in his behalf.

Frustrating though it may be, all we can sensibly do is protest. But it ought to be understood that protest is sometimes effective, and it could be again.

Both the United States and its ally, Britain, already have vigorously denounced this newest Red act in defiance of international justice. But the question should be of instant importance to the United Nations, under whose command the imprisoned Americans fought, and to the neutral Korean Armistice Commission now overseeing the truce.

It is always arguable whether this sort of pressure works best if accompanied by loud noises of indignation, or if more subtly applied against the high councils of the hostile state involved.

Ordinary Americans, deeply angered at this latest outrage, nevertheless cannot decide which approach is wisest in this case. But they can insist that every ounce of pressure be resolutely and relentlessly applied until these and other falsely imprisoned Americans are restored to full freedom.

BOYLE'S COLUMN

By HAL BOYLE
NEW YORK (AP)—Many of today's famous men got their start by pushing doorbells.

Bruce Barton sold cooking utensils from door to door to help pay his college tuition. Billy Graham toted around a well-known line of household brushes. Eric Johnston once was a vacuum cleaner salesman.

Arthur Godfrey, who later learned he could get into more living rooms via television than by knocking on front doors, in his youth sold cemetery lots for a time by house to house plugging.

They are just a few of the honored graduates of a form of direct selling, symbolized by the roving Yankee peddler which began in this country almost as soon as the Pilgrims landed. Approximately a million Americans today devote all of part of their time to this kind of salesmanship. This huge army of doorbell ringers now sell items as small as a nail file, as large as an oak tree. Fortunately, they don't have to carry sample oak trees in their daily rounds. Pictures will do.

Business is good right now with the doorbell pushers.

"Direct selling seems to rise and fall with the tempo of retailing generally," said George Graves, president of the National Assn. of Direct Selling Companies.

"There is no available census of the industry, but we estimate its volume at between two and four billion dollars a year. And this doesn't include the door to door business done by insurance agents, milkmen, or auto salesmen now out looking for sales by pushing doorbells."

His organization has quietly set about trying to stamp out unsavory practices in the industry. Member firms must subscribe and live up to a code of ethics. Crews of high pressure salesmen who move from town to town are frowned upon. So is the brazen fast-talking fellow who wears his foot in the housewife's door while he pours out a quick glib spiel about the wonders of a new car, opener guaranteed to lighten her chores, improve her intellect and make her irresistible to her husband.

"The backbone of our industry is the sales representative who is known and respected in his own community," Graves said.

This kind of agent relies less and less on pushing a cold doorbell. He likes to arrange home parties at which he can demonstrate his wares to groups of club women and neighboring housewives.

Who is engaged in this type of work and what are its rewards? A free business firm specializing in direct selling found its agents ranged from 24 to 55 years of age, earned between \$6,000 and \$8,000 a year, and formerly had been employed as shipping clerks, garage attendants, and truck drivers.

In Hollywood

By BOB THOMAS
HOLLYWOOD (AP)—John Wayne says he has no special preference for Latin girls. It's just coincidence that he happens to marry them.

Last month the lumbering actor took his third bride, thereby keeping his record intact. Here's how it shapes up: No. 1—Josephine Saint, daughter of a Dominican diplomat; No. 2—Esperanza Baur, Mexican movie actress; No. 3—Pilar Pilote, Peruvian beauty.

"I've never been conscious of going for any particular type," Wayne says. "They say a man follows a pattern, but I haven't been aware of it myself. Each of the women I married has been entirely different."

"I certainly don't have anything against American women. As a matter of fact, my wives have been as much American as they have been Latin. None of them speaks with an accent."

"My first wife had a French and Spanish mother and father, but she was brought up in Texas. Esperanza spent a lot of time in this country, not here, but in Florida and elsewhere. And Pilar has been here a great deal and speaks English perfectly."

I asked him if Pilar will pursue her acting career, and he replied with an emphatic no. "She never had much of a career," he explained. "Once Sol Lesser sent a crew to Peru to make a picture about hunting Incas, and they needed a girl to walk in front of the camera with bare feet and long hair. She did it. Then an independent producer went down there to make a picture, using amateur actors, and she was in it. But I don't think the picture was ever released here."

Wayne said that he and his bride will have a honeymoon—at home. They've been traveling all over the world, he explained, and will be happy to sit by the hearth for a while. He still has a week's work to go in "The Sea Chase," and it can't finish too soon for him.

Get Rich Quick—Tax Revisions—The Word—Almost—Public Housing—'Pseudo Liberals'

WASHINGTON (AP)—A State of the Union Message at the opening of Congress, or in a special message later in the session.

NORMAN P. MASON, Commissioner of Federal Housing Administration, thinks there's no need "to sell" President Eisenhower's new housing programs, since every one concerned now seems to have the word.

But in this connection Mr. Mason tells the story of the gunner's mate in the crown's nest aboard one of John Paul Jones' ships. During one of the Revolutionary War sea battles, a cannon ball hit the mast and knocked the crow's nest to the deck.

That is when John Paul Jones is supposed to have uttered his classic remark: "We've just begun to fight!"

Picking himself out of the demolished crown's nest, the gunner's mate is supposed to have muttered: "There's always someone who doesn't get the word."

AT THE OFFICE of Vice President Nixon staff members are used to having an odd assortment of characters coming in and making wild requests.

A while back a lady entered and informed one of the secretaries that her husband was trying to put ground glass in her food and kill himself. The caller was given the brush-off in a diplomatic and polite manner.

Some time after, everyone got quite a jolt when they read in the paper that this same woman actually had come close to being killed by ground glass.

CHARLES E. SLUSSER, commissioner of Public Housing, says the new Public Housing Act will not be able to provide homes where they are needed most. This is because restrictions at the state level will stand in the way of equitable distribution of the 35,000 units authorized for the next two years.

Eighteen states, to be exact, do not now have the necessary laws for their cities to be eligible," says Mr. Slusser. A great many other cities in states that do have the necessary legislation are not far behind. His staff is not far enough along in their antislavery enough along in their survey to plan to share in the authorized units, within the time they are available.

FBI DIRECTOR J. Edgar Hoover will be made in the President's had some harsh words for what he

called "pseudo liberals" during his address after receiving the Cardinal Gibbons award for 1954.

Mr. Hoover said they have been "beguiled, captivated and perverted because they have not been conscious of the horror, duplicity and godlessness of atheistic communism."

The eager readiness of some in this group to attack everyone and everything related to the efforts to expose the Communist conspiracy in this country is hardly the mark of a true liberal. Indeed, the true liberal is opposed to everything communism represents for the very nature of communism is the antithesis of liberalism.

★ DR. JORDAN SAYS ★

There Is No Set Age for a Young Girl's Development

By EDWIN P. JORDAN, M. D.
Written for NEA Service

What is surely an important subject for many parents is brought up in an interesting letter recently received. It says in part: My daughter is almost 12 years old and has not started to develop yet. The other children in the school of her age have at least started and this upsets my daughter and she even cries about it. Is there anything that can be done about this situation, such as hormone shots?

The little girl referred to, and perhaps her mother as well, is unduly concerned. The physical change of adolescence in girls do not always appear at the same age, nor are they completed at the same rate of speed. If these changes start before the age of 13 it need not be considered abnormal; if there is delay until 14 or 15 or sometimes even later there is no cause for alarm. The age when the definite signs of adolescence in girls begins varies with different families, with racial background, with climate, and perhaps with other factors.

There are some aspects of this situation with which the mother of girls should be familiar. The appearance of the physical changes of adolescence in girls can cause a good deal of anguish unless it is properly handled. Every girl approaching 12 should be properly instructed, preferably by her mother, and made to realize that about one and one-half million girls in the country are having the same experience at the same time.

The changes of adolescence should be accepted as steps toward maturity by the girls and by their parents.

It should be explained that the changes about to develop are the result of increased activity on the part of those hormones or internal glands which have to do with femininity. This increased glandular activity does not take place at once and it takes several years before their full function is completed in the fully grown and developed woman.

After adolescence begins, and usually for two or three years later, girls are normally somewhat nervous and less consistent in their behavior than they were before or will be later. They often cry easily become uncooperative and may fly off the handle at members of their family without any

reason. The youngsters themselves should try to understand this and to control themselves.

Parents also should not worry about the seeming personality change which often occurs. When unreasonable behavior on the part of adolescent girls does break out, parents should ignore the outburst altogether, take it calmly and yet continue to be firm about those things which are really important. Hormone injections at this time are rarely, if ever, desirable.

WHEN TO RETIRE
RICHMOND, Va. (AP)—United States Sen. A. Willis Robertson, elected to a new six-year term, told an audience here when he was going to retire.

"I'll know when I'm too old to serve you—you won't have to tell me," the senator said. "That time will be when I'm too old for hunting and fishing."

DELAYED REACTION
COLORADO SPRINGS (AP)—Jack Morris thought the other service station attendants were playing a joke on him when he found the cash register missing.

They weren't. But by the time Morris learned the truth, police figured the thieves were miles away, with the cash register and about \$30.

Nesselrode Wreath Is a Fine Salute to Santa Claus

NESSELRODE WREATH MOLD will add a festive touch to your Christmas dinner.

Here's a festive Christmas special—Nesselrode Wreath—delicate and beautiful with green-tinted cream, bright cherries and citron or pineapple leaves.

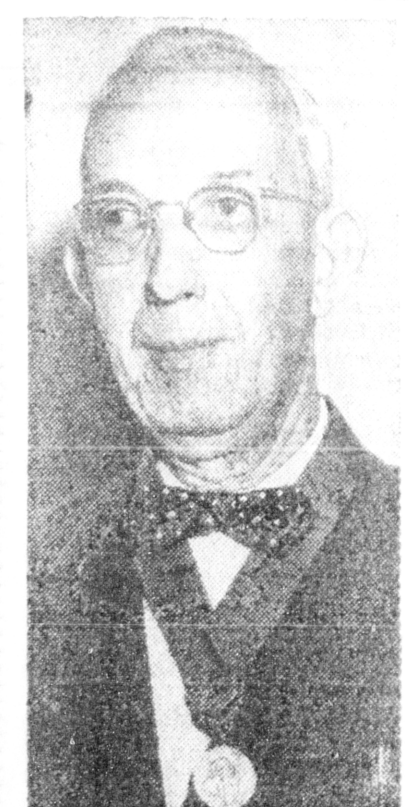

It comes from Mrs. Raymond Hattenlocher of Des Moines, Ia. She says this exotic chifon appears as a dessert in many guises throughout the year in her home.

It can be spooned into sherbet glasses and chilled or turned into a baked pastry shell and fruit trimmed. For Christmas, she adds cherries and nuts to the basic mixture and turns the now "nesselrode" chifon into a ring mold, with Christmas wreath decoration.

Nesselrode Wreath
(Yield: 10 servings)
Two envelopes unflavored gelatin, 1 cup sugar, 1 quart bottled non-alcoholic eggnog, 1 teaspoon nutmeg, optional, 4 teaspoons rum flavoring, optional, 1 cup heavy cream, whipped, 1/3 cup chopped drained maraschino cherries, 1/3 cup chopped nuts.

Combine gelatin and sugar in top of double boiler. Stir in milk. Place over boiling water and stir until gelatin and sugar are dissolved. Beat egg yolks slightly; gradually stir in small amount of the hot mixture. Return to double boiler and cook until mixture is slightly thickened. Remove from heat; add nutmeg and flavoring. Chill mixture until slightly thicker than the consistency of unbeaten egg white. Beat egg whites until stiff, but not dry; gradually beat in remaining 1 cup sugar. Fold in gelatin mixture. Turn into ring mold; chill until firm. Garnish with whipped cream, pieces of maraschino cherries and citron to resemble holly wreath.

TOMORROW'S BEST
Creamed tuna and sliced stuffed olives, steamed rice, buttered broccoli, enriched bread butter or margarine, cole slaw, canned pears, brownies, coffee, tea, milk.

DOCTOR OF 1954—Dr. Karl B. Face, of Greenville, N. C., wears the medal he won after being named "Family Doctor of the Year" by the American Medical Association convention in Miami, Fla. The 66-year-old physician has been practicing medicine in Greenville for the last 40 years.

DETROIT (AP)—When Mrs. Dorothy Langford, 32, gave birth to her ninth son, the other eight boys greeted the news with:

"Hoorsay! Now we have enough for a family baseball team!"

Husband, Harold, 33, is a lumber salesman and like his sons, an ardent baseball fan.

"The backbone of our industry is the sales representative who is known and respected in his own community," Graves said.

This kind of agent relies less and less on pushing a cold doorbell. He likes to arrange home parties at which he can demonstrate his wares to groups of club women and neighboring housewives.

Who is engaged in this type of work and what are its rewards? A free business firm specializing in direct selling found its agents ranged from 24 to 55 years of age, earned between \$6,000 and \$8,000 a year, and formerly had been employed as shipping clerks, garage attendants, and truck drivers.

MEDFORD, Ore. (AP)—Ed Morris of Grand Junction, Colo., devoted his vacation to finding his brother, Clyde, whom he had not seen for 20 years. Ed knew Clyde lived somewhere in the northwest and scanned the telephone directory in each town he drove through. Clyde lives here.

Lutheran Circle To Fill 115 Xmas Treat Boxes

The Mary Martha circle of St. Paul's Lutheran church at Chapin met Nov. 18 in the church basement. Devotions by Rev. Matzke opened the meeting followed with the lesson, "Earning and Spending for Christ," by the pastor.

Roll call was answered by 27 members naming ways of showing thankfulness. The secretary and treasurer's reports were read and approved.

The Christmas Cheer committee reported the circle will make 115 boxes of cookies and candies for patients at the Jacksonville State Hospital. It was moved the circle will furnish all materials needed and on November 29 the project was worked on.

Motions were made that the circle should secure a Christmas tree for erection in the church basement. Christmas donations of cash were voted for Addison, Lincoln Colony and K.F.U.O. A special gift of five dollars was to be sent to Mrs. Schallow, wife of one of the missionaries.

Mrs. Martin Staake was received as a new member of the circle. Mrs. Paul Davidmeyer gave a very interesting talk on the Passover hospital and on Volunteer Services. After the meeting a social hour was enjoyed with recreation conducted by Mrs. Wilbur Tappenbeck, Miss Lorna Fricke and Mrs. Wendell Middendorf. Prizes went to Mrs. Carl Berghaus and Mrs. Fred Fricke.

Refreshments were served by the hostesses, Mrs. Carl Tiemann, Mrs. Walter Uhnken and Mrs. Otto Staake. Guests at the meeting were Mrs. Paul Davidmeyer, Mrs. Fred Fricke and the following children, Bryon and Marilyn Schroeder, Michael and Danny Matzke and Mary Middendorf.

PRACTICAL NURSES TO MEET MONDAY NIGHT

Unit three of the Jacksonville area of Licensed Practical Nurses will meet at 7 p.m. Monday, Dec. 6, in the diagnostic building at the Jacksonville State Hospital. JUNIOR C. D. OF A. HAS XMAS PROJECTS

The Junior unit of the Catholic Daughters of America of the Church of Our Saviour met Nov. 29 at the home of Barbara Smith, 762 East College avenue. The president conducted the business session.

Names were drawn for a gift exchange to be held at the group's Christmas party to be held during December. Various Christmas projects were worked on during the session. Pictures were made from old records and may be hung on the wall.

The hostess served delicious refreshments at the close of the meeting and a social hour followed. Attending were Linda Casey, Margaret Cox, Arlene Weaver, Alicia Fitzpatrick, Karen Zell, Janet Henry, Mary Sue Critchlow, Judy Lair, Sue Crain, Barbara Smith and the junior advisers, Joyce Roesch and Mary Coop.

Pleasant Plains Man Elected By Cattle Breeders

CHICAGO (P) — The American Aberdeen-Angus Breeders Association Wednesday night voted to move its headquarters from Chicago to St. Joseph, Mo. A spokesman said the decision was unanimous.

Lincoln, Neb., and Hutchinson, Kan., also made bids for the association's headquarters. A spokesman said plans were approved for constructing a new office building in St. Joseph at a cost of about \$250,000. He said the association hopes to move into its new quarters in about a year.

The association has maintained headquarters at the Chicago stock yards since 1903.

A. H. Spitzer Jr., of Pleasant Plains, Ill., was elected president of the group at a business meeting preceding the annual banquet which was attended by more than 900 persons. He succeeds F. B. Davis of Yemassee, S. C. Fullerton Jr., Miami, Okla., was elected vice president.

Three new directors were elected to three-year terms and two directors were re-elected to similar terms. Re-elected were Elliott Brown, Rose Hill, Iowa, and Donald C. Pollock, Unionville, Mo. New directors are: John C. Gall, Upperville, Va., and Washington D.C.; William Kufuss, Mackinaw, Ill., and Edward O. Elliott, Mount Victory, Ohio.

JHS Ag Students To See Livestock Show In Chicago

The following FFA boys from the Jacksonville high school Ag class will attend the International Livestock show in Chicago Dec. 2, 3, 4 and 5, Harold Freitag, Billy Saker, Mike Lawless, Francis Finch, Gerald Massey, Weldon Becker, G. A. Rexroat, Tommy Spradlin, Joe Clegg, Charles DeVitt, Gerald Wheeler and Clifton DeOrnellas.

While in Chicago they will visit the packing houses, Science and Industry, Field Museum, Shedd Aquarium and view the WLDs Barn Dance program. Their teachers, Mr. Stark and Mr. Kuster, will accompany the group.

AIRDROP AID FOR LAOS

WASHINGTON (P) — An airdrop of U.S. aid supplies in northern Laos is under way, according to reports received by the Foreign Operations Administration. The reports indicated the supplies are going to soldiers and civilians either released or escaped from Communist forces in the recent Indochina fighting.

FAST ROCKET-PLANES OF FUTURE

CHICAGO (P) — A former German army rocket expert says rocket-propelled airplanes can be built in the next 10 or 15 years with speeds up to 13,000 miles an hour. Dr. Walter R. Dornberger, missile specialist for Bell Aircraft Corp., said such aircraft could flash from San Francisco to Australia in 1 1/2 hours.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

Administration statements on Far Eastern policy have gone just about as far as possible now toward clearing up the United States attitude, but whether it will satisfy the "get tougher" demands of the Republican Senate faction led by Sen. Knowland remained in doubt.

Secretary Dulles has now made two particularly lucid statements on the subject. As it stands, the United States will defend Formosa and the Pescadores if they are attacked.

Retaliation will be made to fit the grade of any aggression, with all-out attack on the mainland always remaining a possibility. In other words, the Chinese Reds are put on notice that they cannot expect anything like the Manchurian "sanctuary" which they enjoyed during the Korean war as a part of Allied policy to keep the engagement strictly limited.

As for the Knowland suggestion for a naval blockade to force release of American prisoners by Peking, Dulles clarified statements he and the President had made apparently ruling it out. It is something which might still be adopted if other measures fail, he said. But he and the President still were determined to avoid warlike moves.

Some other members of the Senate Foreign Relations Committee immediately expressed approval of the new treaty with Chiang Kai-shek's Nationalists which implements the Formosa policy, but Knowland had no immediate comment.

Knowland has said that he may not be as far away from the administration on the China issue as it seemed.

One point the blockade advocates were expected to raise in the new Congress, if indeed they do not do so now, is the possibility that a

blockade could be conducted by the Chinese Nationalists if they were supplied with the ships necessary.

The Nationalists are actively promoting this idea behind the scenes, as against military estimates that even the United States would need British cooperation.

The blockade advocates may couple this idea, however, with their long-standing contention that primary enforcement of the blockade could begin by telling nations which receive American foreign aid to stop shipments on pain of losing it.

Meanwhile, the Nationalists are also expected to get renewed support from the blockade advocates for their contention that the forces they have prepared for a mainland invasion should not be publicly handicapped by accepting American restraint.

Lynne Baggett Put In Jail For Fatal Hit-Run Accident

LOS ANGELES (P) — Blonde actress Lynne Baggett is in county jail today, serving a 60-day sentence for hit-run driving in an accident in which Joel Watnick, 9, was killed.

Miss Baggett, 27, previously convicted on this charge but acquitted of manslaughter, was sentenced Wednesday. She also was placed on three years' probation and her driver's license was revoked for one year. She was taken to jail immediately.

The actress, estranged wife of film producer Sam Spiegel, claimed she "blacked out" after the July 7 collision. Superior Judge Mildred Lillie commented: "I cannot accept her story of a 'black-out' and the jury couldn't believe it either. She was extremely rational soon after the accident, and from then until she was arrested two days later she used every resource at her command to get her car repaired and to conceal her identity."

PERFECT RECORD

MORGANTON, N.C. (P) — For the first time in more than 10 years J. D. Fitz couldn't go to a Rotary Club meeting here—he was hospitalized by pneumonia. More than 30 of his fellow Rotarians, aware of his perfect attendance record, trooped to his hospital room and held their regular session there.

U. I. Board Gets 'Poison Pen' Notes Aimed At Dr. Henry

DETROIT (P) — Wayne University said it would begin today to attempt to run down the author of "poison-pen" letters sent to the University of Illinois' board of trustees and aimed at former Wayne President David D. Henry.

Wayne officials have indicated they have an idea who sent the letters.

Dr. Henry has been offered the job as president of the University of Illinois by its board. He said he is considering the job, but has not yet accepted. He said he will announce his decision Friday.

Wayne's board of trustees Tuesday directed Dr. Clarence B. Hillberry, Wayne's president, to enlist the aid of police and postal authorities to track down the writer of the anonymous statements circulated in Illinois.

Arthur Neef, vice president and provost at Wayne, has been appointed to make the investigation. Dr. Henry now is vice chancellor of New York University.

CARROLLTON—The living quarters of the county jail which will be occupied by Sheriff elect and Mrs. Fred Ballard is being redecorated and will be ready for occupancy within the next two weeks.

Sheriff and Mrs. Guy Cunningham and family moved from the jail on Tuesday. They are making their home in their residence property in the west part of the city. Ballard will take the office as sheriff Dec. 6 and he and his wife will move into the jail here as soon as the redecorating work is completed.

The Ballard home in Roodhouse has been rented to Mrs. Estelle Merritt who is the county probation officer and city clerk of Roodhouse.

**Pork, Lamb And
Frying Chickens
Week's Features**

By THE ASSOCIATED PRESS
Pork, lamb and frying chickens will be favored features in markets across the country this week-end. You'll also find specials on selected cuts of beef.

Loins will get the top billing in the pork line. Legs of lamb will be featured widely at slightly lower prices. Beef generally is on the expensive side, but many stores have singled out one cut or another for weekend shoppers. Among them are sirloin steak, chuck roast and round roast.

Broiling and frying chickens will be on the bargain counter again, and the poultry industry fervently hopes you'll eat your share. The U. S. Department of Agriculture figures production this year at well over a billion birds, the highest in history. And marketings in December are expected to be much heavier than a year ago.

One big chain is cutting egg prices all over the country this week, with reductions ranging from 4 to 6 cents a dozen.

Produce men favor cabbage, potatoes, eggplant, escarole, romaine lettuce, brussels sprouts, radishes and turnips this week.

U. S. post offices handle about 54 billion items a year, or enough to equal 20 pieces of mail for every person on earth.

**Revival Meetings
Start Sunday
At Concord**

Rev. Roy Goodell, pastor of the Winchester Methodist church will conduct a week of revival meetings at the Concord Methodist church beginning Sunday at 7:30 p. m. and continuing throughout the week every night except Saturday.

Rev. Goodell came to the Illinois Conference from Kansas. He received his degree from Garrett Theological Seminary and has served a number of successful pastorates in Illinois.

The meetings are open to the public and everybody is cordially invited to attend.

Ashes used on Ash Wednesday come from the burning of palms blessed on Palm Sunday of the preceding year.

School Claims For State Aid Will Be Paid At 89% In '55

SPRINGFIELD, Ill. — Illinois grade and high school claims for state financial aid will be paid at about 89 per cent during the first half of 1955, the state auditor's office said today.

The ratio was determined after State School Superintendent Vernon L. Nickel on Wednesday certified the claims, which are based on pupil attendance during the 1953-54 school year.

The ratio was slightly lower than most estimates made by school experts in recent months.

Because of miscalculations on increased school enrollments, Gov. Stratton recommended early in 1953 that the legislature approve a state aid appropriation in sufficient to meet claims in full. The sum allowed was 140 million dollars.

As set up in 1954, the state aid program was geared to a guarantee of \$173 a pupil. Under the equalization formula, the state was committed to supplying the difference between the \$173 figure and the amount produced by a local qualifying property tax plus flat grants from the state.

In the latter half of 1953, claims were met at 100 per cent and through the current year at slightly above 98 per cent. However, dwindling funds can no longer support at the present level.

To meet the shortage, the Illi-

nois School Problems Commission has recommended an emergency allotment of six million dollars when the legislature convenes in January. Gov. Stratton has not taken a specific stand on the recommendation.

100,000 Refugees Look To Churches Here Council Told

BOSTON — The National Council of Churches was told today that 100,000 refugees in other lands are looking to U.S. churches for help in making new homes here.

Before the churches now is the problem of how to render that assistance.

The resettlement question was placed before 2,500 delegates representing 30 Protestant and Orthodox denominations at the biennial general assembly of the National Council.

Awaiting action was a resolution calling on "our constituent churches to give full and prompt support to their denominational agencies and to the Department of Church World Service by providing all possible resettlement opportunities for the homeless and oppressed who look to our Christian churches for assistance."

Roland Elliott, of Marlboro, N.H., director of immigration for the Church World Service, the council's relief and resettlement division, told delegates Wednesday:

"U.S. churches made a promise two years ago to the homeless of other countries, offering them new life in America. Now the time has come when the churches can fulfill their promise."

Under the new Refugee Resettlement Act, the Church World Service hopes to resettle 65,000 refugees through its cooperating communities, he said. Lutheran Resettlement Service plans to bring in an additional 35,000, he said.

But before the refugees can be brought into the country, the churches and their members must assure them jobs and homes, he said.

Thanksgiving Program Held At Nortonville

The Nortonville Community club met the day after Thanksgiving at the club hall. There were 20 members and three guests. Mrs. Sadie Henry of Jacksonville, Helen Bolton and Marjorie Mutch present.

The meeting was conducted by the president, Mrs. Wendell Clausen, and opened with the song, "Hallelujah." Mrs. Claude Bolton led in the pledge to the flag and Mrs. Floyd Sorrell gave the opening prayer. The secretary's report was made by Mrs. Sorrell. Mrs. Herbert Clayton gave the treasurer's report.

Mrs. Lewis Seymour was the program leader and the reading of scripture opened the program. Mrs. Hugh Barnett told of the Landing of the Pilgrims, "The First Thanksgiving." Roll call was answered with scripture and Mrs. Mabel Whitlock offered prayer. Mrs. Ernest Henry and Mrs. George McClain were in charge of the social hour. Games were played and prizes went to Mrs. Mabel Whitlock and Mrs. Herbert Clayton.

At the close of the meeting the hosts served refreshments in keeping with Thanksgiving.

Franklin Music Club Meets At Home In Waverly

The Franklin Music club met recently at the home of Mrs. Ralph Perry in Waverly where Mrs. Emma Calhoun was hostess. The president, Mrs. Ryan, opened the meeting with the pledge to the flag. The members then sang, "America," accompanied by Mrs. Ruth Ranson.

SILENT MUSIC

ADAMS, Mass. (P)—The Adams Free Library collection of sheet music appears to be a casualty of the times, says librarian Mrs. Mary Baum. Popular in the days before radio and TV when groups gathered 'round the family piano, folios of operatic masterpieces, Mozart sonatas and song albums are rarely circulated today.

Although the guillotine became widely used during the revolutionary period in France, records show that it was used more earlier in other countries.

RUPERT eased the car past the patted tepees and into Dead Man's Gulch. He stopped, savoring Greg's expression. The place was no longer a ghost town. It was alive; it was real. Along the road clattered cowboys on horseback, men and women swarmed the boardwalks.

"Where did you get the extra?" Greg asked at last, his eyes on some synthetic cowboy. Judging by the way they bounced, riding was a new and painfully acquired art to these sons of the rugged West.

"Members of the Chamber of Commerce. They got here before the cooks did and Hannah was feeding the whole outfit before she left."

There was a hollow feeling in the pit of Greg's stomach. "Hannah's gone?"

Rupert's narrow eyes brushed his face. "Several days ago."

Greg left him with a muttered excuse about seeing Daggett. The latter lay in bed with his eyes closed. Thinking he was asleep, Greg was tiptoeing out when the old man said, "Have a good trip?"

"Fine. How have you been behaving?" Greg's voice was casual but he was alarmed. Weeks had passed since Daggett decided to take things easy. He should have seen a doctor long ago. It was not like Hannah.

"Having the time of my life," Daggett's big vibrant voice teased Greg. "You seem to have slain your giant."

Greg grinned. "At least, I tamed him." For the first time he realized that, by signing a three-year contract with his stepfather he had withdrawn from his job with Daggett. Like a fool he had not considered Daggett at all.

"I hope," the old man said cheerfully, "Crahn kicked through with a decent salary."

"Terrific. The queer part is

She'll be back for the Grand Opening, Daggett had said. Back tomorrow. But where was she tonight? Who was she with? What was she doing? As he left Daggett, Greg found himself smoldering at the thought of Philip Kirby. Kirby knew Hannah all right, appealing to her pity, making her sorry for him. She'd probably end by marrying him. Well, why not? He was famous, he'd be making a fabulous salary, he'd be able to give a woman everything she wanted. Of course, she'd marry him.

Where was Kirby anyhow? You'd think, as a matter of simple gratitude, as a common courtesy, he'd be on hand to say thank you to the guy who had landed him a juicy contract.

BUT Kirby wasn't with Hannah. He emerged from a group of photographers and came running toward Greg, his hand out.

"Seaver! I didn't know you were back. You really pulled it off! Let me buy you a drink to celebrate."

As soon as he had finished his drink Greg made his escape. As he went across the road to the Last Chance Hotel the stagecoach and covered wagon were setting off for the station to pick up the first of the crowd. Daggett turned his head as Greg came in and smiled.

"It was a nice holiday," Daggett said at last. "It's over for you now. You've a big job ahead, but one that's worth doing. Remember Americans of their heritage. Now and then, I suppose, you'll still find yourself looking for the other side of the moon."

But the oxygen is rare, they say. Along the road kerosene lamps were lighted. A horse stamped. Footsteps died out. Everyone was tired. They had done the best they could. There was nothing now but to wait for the morning train and the Grand Opening.

A voice rose softly, the voice of the Badlands, the wind that blew over the prairies and bluffs, coming from nowhere, from the other side of the moon.

(To Be Continued)

NCAA Record Holder, Leo Lewis, Heads AP's Little All-America 11

By HAROLD CLAASSEN
NEW YORK (AP)—Modern football's greatest runner and scorer, by statistics, was named to the Associated Press' Little All-America football team for the second time Thursday.

He is Leo Lewis, 22-year-old senior at Lincoln University at Jefferson City, Mo. He is the only repeater from 1953, on the team.

Lewis ends his collegiate career with 4,458 rushing yards gained, a National Collegiate Athletic Association record. He piled up this yardage during his four years while taking a liberal arts course in preparation for further study to become a veterinarian.

Vic Seixas Whips Lew Hoad, Aussies Number 1 Netman

By WILL GRIMSLEY
MELBOURNE (Friday) (AP)—Harry Hopman's stern methods as team manager drew stinging rebukes in the press Friday as Australia's Davis Cup confidence was rocked by the crushing defeat of its No. 1 tennis ace, Lew Hoad, star of the 1953 cup challenge round, was trounced by America's Vic Seixas in Thursday's semifinals of the Victorian Championships 6-4, 6-2, 7-5.

Australians were stunned not only by the decisiveness of the score but by the apparent indifference of the brilliant young Sydney Shetmaker who blandly stated this week he is "fed up" with tennis.

All Australian papers gave a big spread to Mrs. Bonnie Hoad's explanation Friday that her son is the victim of "too much discipline." Hopman countered with a story in the Melbourne Herald in which he drew from Mrs. Hoad an admission she did not think he "browbeat the boys."

Australia's Davis Cup brass, greatly upset over Hoad's slump, were taken off one hook when Ken Rosewall beat Rex Hartwig decisively in the other singles semi-final 6-3, 6-2, 6-3.

Rosewall now is assured of the No. 2 singles berth and he may be able to give Australian Cup hopes a shot in the arm in the final match Saturday against Seixas.

Rosewall always has had Seixas' number.

Lewis also scored 465 points, wiping out the small college mark of 355 set by Carl Tasseff of John Carroll in Cleveland during 1947-50 and the 354 total set by the great Glen Davis of Army during 1943-46.

Davis and Tasseff jointly held the NCAA record of 59 touchdowns but Lewis has lifted that mark to 64.

Sharing backfield honors with Lewis on the 1954 Little All-America, a team of stalwarts picked from among the small colleges of the country, are Alvin Beal of Texas Trinity; Richard Young of Chattanooga; and Don Miller of Bowling Green, Ohio.

Out in front of these ace backfielders is a line that averages 201 pounds a man from end to end and 6-1 in height.

The two ends each are 6-4, with William McKenna of Brandeis holding down one flank and the other going to R. C. (Overdrive) Owens of the College of Idaho.

Joe Veto, who starred for all-winning Juniata, and Larry Paradis, of equally unbeaten Whitworth, share the tackle honors. Robert Patterson of Memphis State, and Gene Nel of Gustavus Adolphus, are the guards.

Lightest man on the first team line is Stokely Fulton, Hampden Sydney, center, at 180 pounds.

All members of the first team, as well as those named to the second and third teams, will receive engraved scrolls testifying to their gridiron prowess. A total of 32 colleges are represented on the three teams.

The second team includes: Charles Clancio, Lawrence (Wis.), end; Gerry Raasch, Valparaiso, Ind.; Howard Backlund, S.Dak. State, center; James P. Dole, Central Mich., back; and William Morton, Hobart, back.

The third team includes: Roger Higgins, Wayne (Neb.), tackle; Elroy Payne, McMurry, back.

The honorable mention list includes: Backs: Dave Burnham, Wheaton; Willie Berzinski, LaCrosse, Wis., State; Walter Beck, Concordia; Gino Cantele, Illinois Wesleyan; Frank Chiezsky, James Millikin; Ralph Capitani, Iowa Teachers; Ken Clark, Peru, Neb., Teachers; Mike Dahl, Augustana; Elliott Day, Coe; Dick Helm, Wheaton; Richard Myers, Indiana Central; Don Nasheim, Iowa Luther; Bill Parish, Evansville; Bernard Ratz, St. Thomas (Minn.); Ted Smebakken, Carleton; Charles Sticksels, Hastings; Jerry Welsh, South Dakota State; Carl Wiemann, Stevens Point, Wis., Teachers.

Centers: Fred Applegate, Peru, Neb., Teachers; Paul Quam, St. Olaf.

Guards: Don Bruno, Hobart; Julius Fiehrer, Wheaton; Charles Froehle, St. John's (Minn.); Bob Lee, Iowa Luther; Robert Masulovich, Indiana State; Don Turner, Monmouth.

Tackles: Stuart Currie, Lake Forest; Ralph London, Butler; Richard Knight, Hobart; Jack Nitz, South Dakota State.

Ends: Billy Beck, Hastings; George Cline, Coe; Glenn Hill, North Dakota State; Pete Innis, Millikin; Ken Roloff, Stevens Point, Wis., State.

(For Whitney Martin)

NEW YORK (AP)—Before the football players begin checking in at the library afternoons there is one more big game on the regular season college stage. It might be a high-power razzle-dazzler for it's Notre Dame vs. Southern Methodist in the Cotton Bowl Saturday and the TV game of the week.

Kyle Rote, New York Giants halfback who turned the 1949 Notre Dame-SMU game into one of the greatest ever played in the Cotton Bowl, was talking of his finest day.

"I guess you'd call it my luckiest day," Kyle said. "Some people think it was the first game I ever played at SMU. I've had them ask me that question and if I was Doak Walker's substitute."

Rote scored three touchdowns and was the best performer on the field as the Irish, 27-point favorites, fought their way to a 27-20 victory. Doak Walker, the Mustangs' fine passing threat, was injured and didn't play.

"I still think about that game. You can't help it. It was an event in the best part of my life," Rote said.

And what was behind the great Mustang effort? Rote called it spirit, a scouting report and the spread formation.

"It was team effort. In fact you could call it a community effort," said Kyle. "I never saw such spirit. It wasn't only on the campus, it was all over Dallas. There were bonfires and pep rallies all week."

"It was funny. We were scared but we thought we could win," he explained. "Mike Brumelow, a fellow who liked football scouted them for us." Brumelow is now Texas Western coach.

"His report was one of the finest I've ever seen—college or professional. He had them down perfect. We used a lot of spread formations with a double and triple wing. We got good cross blocking on their big guys and went outside that big Leon Hart."

Notre Dame took a 14-0 lead before the Pines scored their jump to a 20-7 margin. Kyle, who gained 115 yards all day, lifted his club back into the game and tied the score with two last period touchdowns. The point was missed and then the Irish drove to the clincher.

The 1954 Pines are a ground power. Their passing quarterback, Duane Nutt, is out with a broken collarbone. They've averaged 232 yards on the ground in nine games. It's the wrap-up game for both teams.

The Irish are powerful and score on the ground or overhead with gifted Ralph Guglielmi under center. The meeting will be the sixth in the series and SMU has won only once. Last year it was 40-14, Notre Dame.

Native Dancer 'American Champ'

NEW YORK (AP)—Native Dancer, Alfred G. Vanderbilt's powerful grey 4-year-old who was retired in August because of a foot injury, was proclaimed "American champion" race horse of 1954 Thursday night at the annual dinner of the Thoroughbred Racing Assn.

Although the great colt started only three races in the past season, winning them all, the TRA Board of Selection gave him 19 votes out of a possible 39 King Ranch's High Gun, previously named the 3-year-old champion, received 11 votes.

Other votes in the balloting for American champion went to the Belair Stud's Nashua, the 2-year-old champion; C. V. Whitney's Fisherman, winner of the Washington D. C. International and William G. Hells Jr.'s Helioscope, victor in the recent Pimlico Special.

Franklin Nips Murrayville 27-26

Franklin guard Tammahill scored two free throws in the final ten seconds yesterday to give his team a 27-26 win over Murrayville in a grade school contest.

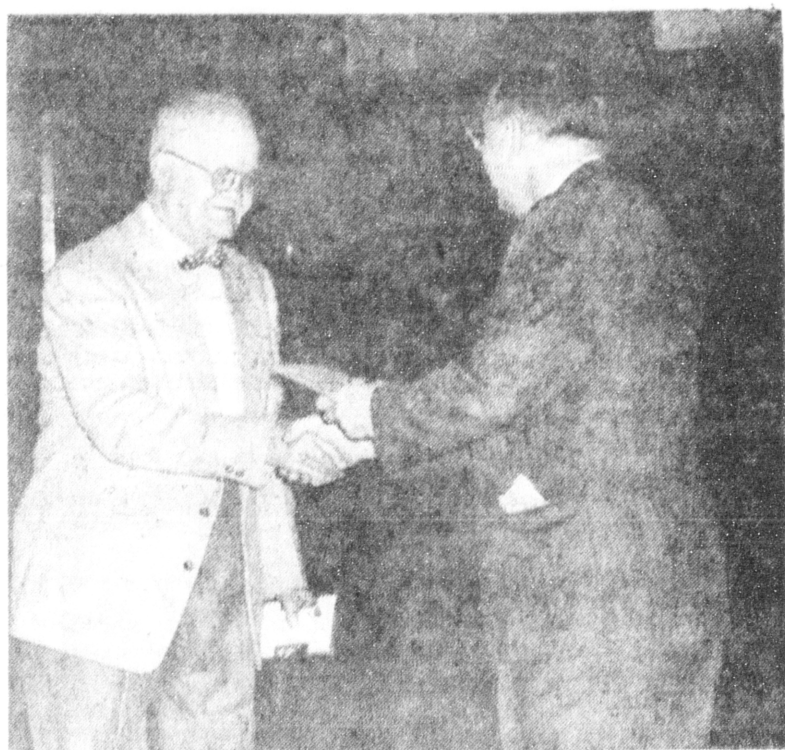

Rawlings was the top scorer for the winners with 18. Suttles had 12 for the losers.

Murrayville plays Chambersburg at home December 13.

HONORARY "I" AWARDED

George Horton, Illinois College faculty member and the Chairman of the college athletic committee, is shown presenting an Honorary "I" to Luther (Dummy) Taylor during the halftime program of the Blueboy-coaches game Monday night.

The ex-New York Giant pitcher has given many a helpful hint to IC baseball players and has umpired most of the Blueboy games the past years. A short speech, prepared by "Dummy" and read by Mr. Tom Cline, was the feature attraction of the halftime program. The talk told of the events in the pitcher's life that led to his rise as a major league hurler.

Minor Leagues Pass Radio, TV Controls

By JACK HAND
HOUSTON (AP)—Commercial broadcasts and telecasts of baseball games on stations outside a club's home territory were banned by the minor leagues Thursday, subject to approval by the majors at New York next week.

Home territory was defined as that within 50 miles of a club's home ball park. If this rule were to become baseball law, it would mean the end of all commercial network broadcasts or telecasts of ball games, except in the case of the All-Star game or World Series.

Sale Of Baumholtz To Sox Nullified Under Waiver Rule

CINCINNATI (AP)—Warren C. Giles, president of the National League, said Thursday the sale of outfielder Frankie Baumholtz by the Chicago Cubs to the Chicago White Sox has been nullified.

Wid Matthews, director of player personnel for the Cubs, failed to obtain waivers on the veteran player from the other clubs in the National League before the sale, Giles told a reporter.

"The other National League clubs have until Dec. 8 to act on Baumholtz," Giles said.

"I talked with Matthews by telephone after I read that the player had been sold to the White Sox. He said he understood waivers had been secured."

In Houston, where the minor leagues have been meeting, Matthews said he "made an honest mistake."

"I confused the Baumholtz deal with something else I had written on paper," he continued.

The Cubs announced Tuesday they had sold Baumholtz to the White Sox for slightly in excess of the waiver price of \$10,000.

JIMMY BROWN

HOUSTON, Tex., (AP)—Jimmy Brown, former St. Louis Cardinals infielder, was named manager of High Point-Thomasville, N. C., of the class B Carolina League, succeeding Tommy Reis, it was announced at the National Baseball Convention Thursday.

4 Impressive Quarterbacks Shooting For All-American

By THE ASSOCIATED PRESS
Ralph Guglielmi of Notre Dame, California's Paul Larson, Oregon's George Shaw and Purdue's Len group of quarterbacks vying for a position in the All-America backfield this year.

Add to the list Pete Vann of Army and West Virginia's Freddie Wyant for an idea of the problem facing the selectors.

Guglielmi, while among the nation's leading passers, has saved Notre Dame countless times with his defensive play.

Illini Trounce Butler 39-34 In Opener

CHAMPAIGN, Ill. (AP)—Six out of 13 players used hit 10 or more points for Illinois Thursday night as the Illini opened their basketball season by blasting Butler 39-34.

Bruce Brothers scored 7 of Illinois' first 11 points and the Illini grabbed a 15-2 lead within the first six minutes. Phil Jung hit Butler's first basket at 5:42.

Butler, lacking height to cope with the fast-breaking Illini, collected only four field goals out of 29 shots to lag 43-12 at halftime.

Illinois used reserves entirely for four minutes before halftime and substituted freely in the last half, as did Butler. Butler's top scorer was Ted Guzek with nine points, and he didn't play any of the first half.

George BonSalle, 6-7½ sophomore center from Loyola Academy in Chicago, played slightly more than half the game for Illinois and topped scoring with 18 points. Bill Altentberger added 14, Paul Judson 12, Phil Judson 11 and Brothers 10 in limited action for the Illini.

Cedar Rapids A Dodger Farm

HOUSTON, Tex., (AP)—The Brooklyn Dodgers have signed a full working agreement with Cedar Rapids of the Three I League. Presco Thompson, farm director of the Brooklyn system announced Thursday.

Cedar Rapids had a working agreement with the Chicago Cubs in 1953 and 1954. Brooklyn operated a club at Danville, Ill., from 1946 to 1950 in the Three I League.

Thurman McGraw, co-captain and defensive tackle on the Detroit Lions, plans a career as a forest ranger when his active gridiron days are completed.

Crimsons Host Flyers While Chapin Visits Routt; I.S.D. On Road

A full weekend of cage activity is ahead for local fans as the three local high schools play tonight and the college entertains here tomorrow evening.

One of the big attractions of the year will be at the Jacksonville High School gym where the Crimsons play host to East St. Louis.

The Jacks go into tonight's contest with one game under their belts, a 57-45 win over Peitshans Tuesday night. This will be the Flyers' first game, having just ended football Thanksgiving day.

Coach Chapman will probably go with the same starting lineup he used against Peitshans. The four lettermen — Woodward, Roegge, Johnson and Jordan will start and the other guard position will go to either Scott, Fairfield or Coates. Jim Woodward and Howard Johnson were the big guns against Peitshans with 22 and 21 points respectively.

The first game tonight will start at 6:45 with the feature battle getting underway about 8:15.

Chapin at Routt
At the Our Saviour's gym tonight the Routt Rockets play host to the Chapin Bears in a PMBC Conference game. The visiting Bears bring a record of 4-0 to town for the Rocket clash.

Coach Smarles's five have a 1-1 mark, having defeated Bluffs and losing to I.S.D.

The Irish mentor announced one change in the starting lineup for tonight's game. Jack Babiste will get the nod at one of the forward positions with George Dee at the other. Dowling will be at center with DeVore and Shanahan at the guards. The Routt scoring has been distributed evenly among four men.

The preliminary game is scheduled to start at 6:45.

I.S.D. at Perry
While the two other high school teams are at home the I.S.D. Tigers journey to Perry for a conference game with the Pioneers.

This will be the first road game of the season for the Tigers who have two wins under their belts.

The deaf five defeated Waverly in the opener and came back to whip Routt Tuesday night.

Coach Jim Spink will start high scoring Jack Rampley at a guard along with Phelps. Duncan will be at a forward with Zachariasen at center. The other forward will be filled by either Schultz or Mehring. Mehring missed the Routt game with a bad back and it is not known whether he will be ready to go tonight or not. If he doesn't play, another freshman, Schultz, will replace him.

Blueboys Play Saturday
Rounding out the weekend action will be a college battle Saturday.

Navy Coach Says Some Positions Are Wide Open

By GEORGE BOWEN
ANNAPOLIS, Md. (AP)—Compacency won't be found on the Navy football squad for the Sugar Bowl since Coach Eddie Erdelatz said Thursday that "some positions still are up for grabs and you'll probably see some changes."

The Navy coach made switches all over the team during the season and the starting lineup usually changed from week to week.

He doesn't know yet what changes are likely to be made for Mississippi in New Orleans because "we haven't evaluated the 2 Army game yet."

He will get down to that job with his assistants next Tuesday. The players resume practice the next day.

Erdelatz revealed that all rough work for the Sugar Bowl will be done in the nine days of practice at the academy. There will be no scrimmaging in New Orleans where the squad will reassemble Dec. 26 after a Christmas leave starting Dec. 18.

"We're going down to New Orleans with the main purpose of winning the game," he said. "But secondly, we want the boys to enjoy themselves."

Morris Gilmore, secretary-treasurer of the Naval Academy Athletic Assn., reported it will have 13,000 seats to sell for the game.

If lodging can be arranged, midshipmen who will be on Christmas leave probably will be able to attend the game, but it will be an involuntary basis, Gilmore said.

TWO KNICKS FINED FOLLOWING GAME

NEW YORK (AP)—Dick McGuire and Carl Braun of the New York Knickerbockers were fined \$75 each Thursday by Maurice Podoloff, president of the National Basketball Assn., for their behavior following a Boston game here Nov. 20.

Podoloff said McGuire forced his way into the officials' dressing room and that Braun tried to follow but was restrained by Referee Norman Drucker.

New York Bond Market

NEW YORK (AP)—Railroads led the corporate bond market higher Thursday. Convertible and income obligations were especially firm. U. S. government bonds were steady to higher in moderate over the counter trading.

“Big Board” volume declined to \$4,090,000 par value from \$5,140,000 Wednesday as the corporate list improved. Carriers and industrials selling at a discount found the most support. Utilities were steady. Investment quality obligations reversed early ease during the afternoon.

New York Stock Market

NEW YORK (AP)—The stock market turned around Thursday after two losing sessions and scored a substantial advance.

Plus signs were generous. Many went to between \$1 and \$2 while some kept right on going to around \$6. Losses usually were fractional.

The market turned ahead at the opening and kept right on going up. At the close it was a little under its best of the day.

Leadership on the rise was firmly founded in the railroads, steels, auto and oil. Higher were the mail order houses, distillers, radio-televisions, chemicals, coppers and utilities.

Tobacco, under severe selling pressures for some time because of discussions on the connection between lung cancer and cigarette smoking, assumed a new buying popularity and stepped ahead smartly late in the session.

The Associated Press average of 30 stocks, which lost \$1.80 in the past two days, gained \$1.30 to close at \$147.60, only a short distance under the 1954 top score last Monday—\$148.10, equal to Oct. 10, 1928.

The industrial component was up 90 cents, railroads gained \$1.80 and utilities were ahead 70 cents.

Volume amounted to 3,190,000 shares. That compares with 3,100,000 shares traded Wednesday.

The American Stock Exchange was mostly higher on 750,000 shares. That is against 810,000 shares traded Wednesday.

HOD-CARRIER SURVIVES

LOUISVILLE, Ky. (AP)—Hod-carrier Richard L. Garth survived a 16-story fall Thursday.

He was aboard a construction elevator that was released for a “free” drop from the 21st floor of the Martin Brown Building being built in downtown Louisville.

The elevator operator learned at the last minute Garth was aboard and started braking the car at the 5th floor level. Usually he lets it drop free to the 3rd floor.

Garth, 61, was sprawled in a wheelbarrow during the drop. He suffered only minor cuts and bruises.

The part-time Missionary Baptist minister said later he “must have been right with the Lord.” He said there was no time to pray.

Workmen are not permitted to ride the elevator. Garth said he had given a bell signal to let it drop and then had given a hand signal to wait. Then he stepped aboard to adjust checks under the wheelbarrow, and—whoosh!

SOVIET SIGNS IRAN PACT

TEHRAN, Iran (AP)—The Soviet Union signed a pact with Iran today agreeing to settle this country's war debt claims and iron out frontier differences dating back to czarist times. The debt claims involve a bill of 11 tons of gold and eight million dollars which Iran said was for services to Soviet forces during World War II.

Tempers Of Tired Senators Grow Short In Long Session

WASHINGTON (AP)—No doubt, a session like this is a strain on senatorial tempers. Thursday it reached the point where senators were snapping at each other on small, as well as large, issues.

The main business, of course, was what it has been all along, whether to censure Sen. Joe McCarthy. But there also was minor squabbling over such items as (a) what time is it? (b) when do we eat?

The question of time came up during the first major speech of the day, by Sen. William E. Jenner (R-Ind.).

Jenner, a gymnastic orator who goes in for sweeping gestures, was in full swing when Sen. Thomas

Started As Recurrence Of Gastric Ailment

(Continued from Page One)

Pope would be unable to attend the closing ceremony of the Marian year, to be held Dec. 8 in Rome's Basilica of St. Mary Major.

Rome's Mayor Salvatore Rebecchini interrupted a session of the City Council to express the wish for preservation of the Pope's life. The entire Council, including Communists, stood in hushed silence as the mayor spoke.

From Washington, President Eisenhower also expressed hope for Pius' speedy recovery.

The Pope lay pale and feeble on a three-quarter mahogany bed in his bedroom overlooking St. Peter's Square.

Only the Pope's physicians were permitted to enter the chamber, where the pontiff passed his perilous hours. It is on the top floor of the yellowish brick palace from which he has ruled the church for 15 years.

Returning Saturday from his summer residence at Castel Gandolfo, the Pope suffered a recurrence of the gastritis and hiccups which struck him down for two months from late January until March. He had taken no food orally since returning to the Vatican.

A Vatican press office spokesman said the pontiff suffered a “serious collapse” at 4 p.m. (9 a.m. CST). The spokesman described this as a weakening of the heart, but qualified this later to say it was not a heart attack. Other reliable sources inside the Vatican said the pontiff's heart, which held up strongly during the earlier attacks this year, had weakened.

The Pope was suffering again from nausea.

Special Car Races Atomic Medicine To Ailing Woman

LEEDS, England (AP)—An automobile specially designed to protect the driver and other traffic from radiation raced 180 miles today with a consignment of “atomic medicine” for a woman patient at the Royal Infirmary here. Escorting police warned traffic off roads the car took.

Doctors, scientists, the driver of the car and the police won the race to get the medicine, radioactive chlorine, to the patient while the material was still active. It was needed for diagnosis.

Hospital authorities refused to give the name of the ailing woman or discuss her case and condition. Using special instruments, scientists removed the container of material from the atomic pile at the British atomic research station at Harwell.

Since radioactive chlorine decays in strength by half every 27 minutes, the material that left Harwell was 20 times stronger than needed for the treatment.

PORK TONNAGE DOWN DESPITE INCREASE IN HOG SLAUGHTER

ST. LOUIS (AP)—Pork tonnage in six St. Louis area packing plants is only three-fourths of the November normal, despite a 14 per cent increase in hog slaughter last month, the St. Louis Livestock Exchange reported today.

The increased slaughter, reaching 343,872 head, brought an increase of 30 cents to 5.643 cents of pork. Last stocks totaled 868 tons, a little more than half of normal.

Hogs slaughtered averaged 246 pounds, second heaviest in 20 years for the month. The November, 1945 average was 259.

U.S. HEALTH BEST ON RECORD

NEW YORK (AP)—The Metropolitan Life Insurance Co. reported Thursday that the health of the American people this year has been the best on record.

The national death rate dropped to an all-time low of 9.2 per 1,000 population, 5 per cent beneath the previous low registered last year. The company's statistics are based on the first 11 months of the year.

No Vote On Zwicker Denunciation

(Continued from page one)

“I don't feel any different than I did last night,” he said. He had referred to the senate proceedings last night as “a foul job.”

“I am very happy to get back to the job of digging Communists out of the government. It will get under way officially again on Monday after 10 months of inaction.”

Noting that the Senate resolution about his conduct used the word “condemned” instead of “censured,” a reporter asked McCarthy if he thought he had been censured.

“I wouldn't say it was a vote of confidence,” he replied.

The senator was asked if he planned to continue “rough” tactics in future investigations and, if he did, if he expected he would be censured again.

“As long as I continue to dig Communists out of the government I'll be subjected to criticism and investigations,” he replied. “There have been five already and I expect there will be more.”

McCarthy was asked if there was anything to reports that he might break away from the Republican party to form an independent organization.

“There's nothing to it,” he shot back. “I am a Republican and intend to remain a Republican. And I will do my work within the Republican party because that's the best place.”

Some of McCarthy's supporters put on a burst of hilarity at the end of the big Senate controversy on whether to rebuke him.

Laughing, Sen. Bridges (R-NH) asked if the word “censure” appeared anywhere in the resolution finally adopted at this “McCarthy censure session.” Vice President Nixon, in the chair, replied that it did not.

“Then it is not a censure resolution?” inquired Bridges, while Sen. Jenner (R-Ind.) doubled up with laughter and other McCarthy backers grinned broadly.

Nixon replied that the resolution relates to the conduct of McCarthy—and that senators can make their own interpretation of it.

There was another immediate followup.

Planners, who launched the now successful rebuke-McCarthy drive with a floor speech last June 1, arose and apologized to the Senate and to McCarthy—who had left by that time—for some of his remarks.

Planners didn't say exactly what he was apologizing for, but asked unanimous consent to have “a few paragraphs” stricken from the Senate's permanent files.

Sen. Walker (R-Idaho) McCarthy's unofficial floor manager, demanded of the elderly Vermonters: “Why did you not apologize before this later hour?”

Planners replied he would pick his own time for apologies.

Jewish Institute Elects Stevenson Honorary Fellow

NEW YORK (AP)—Adlai Stevenson said Thursday night the United States must determine “whether the problem of defense of the Middle East is one of rifles or of bread—or of both.”

The Democratic leader suggested study be given to whether the “enemies, despair and poverty within are not as menacing as the common enemies without.”

Stevenson spoke at the annual Weizmann dinner given in honor of the late Chaim Weizmann, first president of Israel.

Stevenson was presented with a citation award electing him an honorary fellow of the Weizmann Institute of Science in Israel.

“The former Democratic presidential candidate said he had noticed ‘with great satisfaction what appears to be some change of emphasis by our government from the military aspects of security to long-range economic development, at least in Asia.’

He told the group not to expect him to shed any light on problems of the Middle East, but added:

“Yet as a friend of Israel since its inception, you will permit me to counsel patience and a broad perspective. In all fairness, one must see the Israel-Arab conflict in the context of the whole Middle East and Far East security problem.”

He advised acceptance of the “over-all assumption” that an Arab world friendly to the West is better for Israel than an Arab world friendly in the other direction.

“One cannot, in good faith,” said Stevenson, “take issue with the striving of our officials and other Western nations to improve relations, cooperation and confidence in the Arab world.”

He said, however, that “one can inquire whether tensions are lessened or accommodations advanced by sending military equipment to Arab states if there is any ambiguity about the purpose of such assistance—which is defense not offense.”

WRONG STEER

STERLING, Colo. (AP)—As William Walter Oliver, 72, drove his new car past a herd of cattle one of the animals jumped in the way. The horn-to-grill crash caused \$150 damage. The steer was uninjured.

and retain its self respect, I wouldn't know.

“And so I think that the United States does not stand alone, merely indicating that we are yet far from exhausting all our resources. I mention only one of those that is available to us.”

He also called the McCarthy censure proceedings a matter for the Senate to handle according to what senators feel is required for preservation of the Senate's dignity.

Endorsed the idea of a slight pay raise for the military services, but said it was more important to give service families good medical care, housing and community prestige.

Said he has found very little difference in his and Sen. Knowland's basic philosophies, and he acknowledged the right of anyone to differ with him on methods. At the same time, he told a questioner he would hope the men with whom he had to work would not be differing greatly with him on main issues.

DEMOCRATS NOW HOLD SENATE MAJORITY

WASHINGTON (AP)—The Democrats moved back into the majority in the Senate just before the adjournment, Thursday night with the swearing in of Sen. Brown (D-Nev.) to replace Sen. Brown (R-Nev.).

The lineup became 48 Democrats, 47 Republicans and one Independent.

The Senate will have exactly this same lineup in January when the 84th Congress opens, barring any deaths or changes.

ARREST MAN IN PROBE OF THREAT ON LIFE OF ARTHUR GODFREY

BUFFALO, N.Y. (AP)—A 33-year-old Buffalo man who claims he once worked for Arthur Godfrey was arrested Thursday in connection with investigation of a letter threatening the life of the radio and television star.

Detective Chief John C. Golombek of the Buffalo police said that John R. Heffron was taken into custody on the basis of information supplied by New York City authorities. He did not further identify the New York City authorities.

Heffron was booked on a vagrancy charge pending completion of the investigation, police said.

Golombek quoted Heffron as saying that he once was employed by Godfrey to push a cart loaded with cake mixes on and off stage during a Godfrey television program.

Strike At White Hall Pottery Settled; Full Production Scheduled

WHITE HALL—Officials of the Laclede-Christy Company, manufacturer of sewer pipe and drain tile, announced Thursday that a new contract has been signed with the United Brick & Clay Workers Local 967, and that the plant will resume full operation within a few days, after a work suspension of three and one-half months.

Supt. LeRoy James of the 50 year old industry said the company and union, which was represented by Carl Copley, president, and a committee, came to a satisfactory agreement after a period of negotiations.

Union employees of the pottery had been on strike since Aug. 16. On Nov. 1 the company closed both its office and plant.

Company officials said the new contract provides for a seven cent hourly increase in wages, with other benefits.

One hundred and ten persons were employed at the plant when the strike was called. The plant had been picketed since that time.

Supt. James said full production is expected to be reached by the end of next week.

The big pottery is one of Central Illinois' major industries, having been known for many years as the White Hall Sewerpipe & Stoneware Co. Its products are distributed throughout the state and entire Midwest.

Reading Program Leading To Quiz Offered Pupils

Plans were made Wednesday night at a meeting of the Recent Graduates Group of the AAUW at the home of Mrs. Sevrin Bruyn, 1047 Grove street, to publicize the Radio Book Quiz reading program for children. The program is to encourage them to use the valued resources at the Jacksonville Public Library.

The project includes pupils of the Jacksonville grade schools, Lutheran and Our Saviour's schools, South Jacksonville and the North Jacksonville schools.

There is a list of the project books available for pupils interested at the Public Library. After reading one of the books the student is asked to write a letter of application, necessary information available from the Library.

The Recent Graduates also are planning radio programs during the month of February on station WJDS featuring the students who have participated in the quiz who will receive a book for appearing on the program.

MRS. HAZEL McCASKRIN, STATE LEGISLATOR, DIES IN CAR WRECK

LONG GROVE, Iowa (AP)—Mrs. Hazel McCaskrin, 63, Illinois state representative from the 33rd District, was killed in an auto accident near Long Grove today.

The Scott county sheriff's office said Mrs. McCaskrin, of Rock Island, Ill., was thrown from a car in which she was riding when it went out of control on the crest of a hill on a gravel road. The car was driven by her sister, Mrs. Alta Ehlers of Rock Island.

Mrs. Ehlers was taken to Mercy hospital in nearby Davenport, Ia. Two other passengers in the car, Mrs. McCaskrin's son, H. James McCaskrin of Rock Island, and her brother, John Pierce of Davenport also were hospitalized. The extent of their injuries was not immediately available.

Mrs. McCaskrin, a Republican, was re-elected to the Illinois Legislature in Nov. 2 election. She had represented the 33rd since 1947 succeeding her husband, Atty. Harry J. McCaskrin. She had served as his secretary during the 20 years he was a member of the Illinois Legislature.

She was born Jan. 9, 1861 in Tampico, Ill.

Her death reduces the Republican margin in the closely divided Illinois House to four seats. GOP representation becomes 78, one more than the constitutional majority required for passage of a bill. Democrats won 74 seats in Nov. 2 balloting.

Mr. and Mrs. Carl K. Dobson, 507 Hardin avenue, announce the engagement and approaching marriage of their daughter, Evelyn, to Russell E. Lewis, son of Mr. and Mrs. John E. Lewis, 503 South Fayette street.

The ceremony will be solemnized at seven o'clock Saturday evening, December 4, at the parsonage of the First Baptist church with the pastor, the Rev. Clair E. Malcomson, officiating.

The bridegroom is a veteran of the Korean conflict and now employed at the Hertzberg industry on Vandalla Road. The bride-elect is employed at the New Method Book Bindery in Jacksonville.

Second Burglary In Two Weeks At Elevator

For the second time in two weeks burglars broke into the Orleans grain elevator Wednesday night and ransacked the office. The manager reported to the sheriff's office that 60 cartons of cigarettes, 12 boxes of cigars, and a man's jacket were missing.

In the first robbery, the burglars shattered a window pane and unhooked the latch.

Deputy Sheriff Timmons and Crowder investigated the burglary, which they said had much similarity of the first break-in.

Our Saviour's Hospital Building Fund Reaches \$225,246 Toward Goal

Our Saviour's Hospital Building Fund program for \$750,000 reached a total of \$225,246 at Wednesday's report meeting of the soliciting divisions. This meeting was the second general report of the campaign.

Edward C. Shultz, general chairman, stated that the Thanksgiving holiday had slowed activities for the week but anticipated that the next meeting, to be held on Wednesday, December 8, at noon in the Dunlap Hotel, would indicate a marked degree of progress in the campaign.

The employees of Our Saviour's hospital have reported \$3,106 from 105 of its employees. It was reported by Mrs. Hildt Miller, chairman of the soliciting organization in the institution. The employees of the county court house have reported a total to date of \$872. Teachers of the Jacksonville schools, with only a partial report pledged \$1,586 to the campaign. The school section of Six Star Division is under the chairmanship of Merle Wade. Other reports from employees are: Emporium with \$97.00, Fisher Grocery Company with \$122.00, and Gustine Furniture Company with \$55.00.

Divisional reports to date are as follows: Wilbur H. Kurtz and Sam E. Pack, chairmen of the Memorial Gifts Division have reported \$155,818. This sum includes reports from the Medical Division which is under the chairmanship of Dr. Alfred G. Schultz. Tom Cornish and Floyd E. Cox, chairmen of the Major Gifts Division have reported \$17,535. The Six Star Division, under the chairmanship of Gordon May has reported a total of \$7,981. Scott county, under the chairmanship of Mr. Mazy Condit Rockwood and Paul Lehman reported \$10,556. The Town and Country Division, under the chairmanship of William E. Burns has reported \$18,226. Mrs. Charles M. Ryan, chairman of the Women's Division reported \$15,230.

General solicitation in the Murvayville area has produced \$2,859 according to pledges reported by William F. Loneragan and the Franklin area has reported \$2,294. This area is under the co-chairmanship of Pat Kenney, Dennis Whalen and Leo Bergschneider. George Fulton, chairman of the Alexander area has reported \$511.00. Lee Jones of the Arenaville area reported \$198.00. Jimmie Frison of Virginia reported \$1,415. Concord, under the chairmanship of Mrs. Edgar Anderson reported \$2,144.

Frank R. Rantz, associate chairman presided at Wednesday's meeting and he announced that the third report meeting will be held next Wednesday at 12:15 o'clock noon at the Dunlap hotel. All workers in the campaign are invited and urged to attend all meetings.

8 Cities Report Drop In Dental Decay Rate

Further proof of the effectiveness of fluorides in reducing dental decay is demonstrated in reports from eight research programs in the United States and Canada.

The studies clearly indicate that fluoridation will eventually result in a reduction of about two-thirds in dental decay for all age groups, the American Dental Association said.

Following are some of the latest highlights from the studies:

Brantford, Ontario, Canada: The rate of decay in permanent teeth of six-year-old children was reduced 63 per cent.

Decay Rates Decrease
Evanston, Ill.: The number of 12- to 14-year-old children whose teeth were entirely free of decay increased 73 per cent.

Grand Rapids, Mich.: The decay rate in the permanent teeth of seven-year-old children dropped 52 per cent.

Lewiston, Idaho: The permanent teeth of nine-year-old children showed a 46 per cent reduction in the decay rate.

Madison, Wis.: The number of primary teeth attacked by decay in kindergarten children was reduced 48 per cent.

Older People Benefit

Marshall, Texas: Six-year-old children showed a 63 per cent drop in the rate of dental decay.

Newburgh, N. Y.: A 69 per cent reduction in the rate of decay in the permanent teeth of seven-year-old children was accomplished.

Sheboygan, Wis.: The number of five- and six-year-old children who have never experienced dental decay increased 150 per cent.

The Association noted there was evidence that persons who were young adults when the program started also had benefited from drinking fluoridated water.

Methodists Plan Special Crusade For Attendance

The Methodist ministers of the Jacksonville Area met at the Dunlap Hotel this week to study plans and techniques for the forthcoming church attendance crusade, which begins Sunday, January 2.

Conscious of the fact that church membership has skyrocketed until 59 per cent of the American people are affiliated with some religious group in America, the remaining 41 per cent represent 69 million Americans who belong to no church at all. And of the 59 per cent who belong, numerous surveys have established that not more than 35 per cent attend worship services in their church regularly.

It was decided by the ministers that a directive advertising campaign through the local newspapers begin this week, and continue until Easter Sunday, urging 100 per cent attendance of all church members and constituents during that time.

Neighbor's Alarm Saves Jerseyville Couple From Death

JERSEYVILLE—Mr. and Mrs. Henry Buchanan of this city narrowly escaped death by asphyxiation Sunday morning when the burner of a gas stove became loosened or partly turned.

Mrs. Buchanan reported that she was awakened by another occupant of the house, Claude Griffin, who told the former that there was gas coming upstairs from some source.

Mrs. Buchanan reported that she was almost helpless from the fumes when she was awakened and went into the kitchen. As she prepared to fix coffee, she noticed that an oven burner was turned on slightly.

Mrs. Buchanan's husband, Henry Buchanan, was also nearly overcome by the gas.

In checking up on the manner in which the burner had been turned on, it was decided that the same occurred after Buchanan had spilled some water on the floor. He was using a window cloth to wipe up the water, and while so doing brushed against the device that turns on the gas for the oven and moved it, slightly.

The couple reported Monday that they were still suffering from the effects of their experience.

Airman At Home From Korea Weds Pittsfield Girl

PITTSFIELD—Miss Joyce Harmon, daughter of Mrs. Eleanor Harmon, and the late Charles (Jim) Harmon, became the bride of A. C. Charles L. Butler, son of Mr. and Mrs. Earl Butler, of Pittsfield, at an evening ceremony at the home of the bride's mother Saturday at 7 o'clock.

The double ring ceremony was read by the Rev. Ward S. Humphries of the First Christian church in the presence of the immediate families of the couple and a few close friends.

Miss Sue Moore of Griggsville at-

tended the bride, while the groom was attended by his brother, Paul Butler.

A reception in the home followed the ceremony.

Both bride and groom are graduates of the Pittsfield high school. Since her graduation in 1954 the bride has attended Gem City Business college in Quincy. The groom graduated with the class of 1951.

Airman Butler who is serving with the air force in Korea, is at home on a leave of thirty days which will expire a few days before Christmas, when he will return to finish his overseas duty. Mrs. Butler will remain at the home of her mother until his return to the states in the spring.

Join Daughter In Flight

Mr. and Mrs. George Fish of Washington street left on Saturday night for Chicago, where they boarded a plane for Denver, Colo., on the first leg of their annual flight trip with their daughter, Miss Ida Emily Fish, a co-pilot with the Transcontinental air line. They were joined at Denver by Mr. and Mrs. Fred B. Fish, a former resident of the city now living in Santa Fe, New Mex.

New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work plus truly a beautiful floor. Glaxo is available at Bomke Hardware Co.

BRILLIANT NEW STERLING PATTERNS BY **Gorham**
STERLING

... INTRODUCING GORHAM "WILLOW"

... INTRODUCING GORHAM "THEME"

There's great simplicity, and the whole wide world of variety in these two newest Gorham sterling patterns. In Willow, the Far East's sophisticated use of nature forms; in Theme, Scandinavia's love for clean-swept gleaming surfaces. And in both, there's the new kind of American Modern design that makes each piece work overtime for you. Example: new size knife and fork is elegant for formal dinners, yet carefully proportioned for casual snacks, too. Knife also has Gorham's famous one-piece knife handle that resists dents, never rattles. A six piece place setting (consisting of teaspoon, new size place knife, fork and spoon, hollow handle spreader and salad fork) costs only \$32.50 Fed. Tax. incl.

Tells Mother Of Son Who Died In Jap Prison Camp

MURRAYVILLE — Mrs. Edgar Killebrew received an unlooked-for phone call last week from Martin Gray, of Fort Worth, Texas, who happened to be a business visitor in Detroit.

He was in the Japanese prison camp with her son, Edgar Killebrew, and was with him when he died.

They were special friends and he sounded "taps" at his funeral. Mrs. Killebrew was very glad to hear from him.

Mr. and Mrs. Edward Tendick entertained at a six o'clock turkey dinner Saturday evening. Mr. and Mrs. C. H. Evans and daughter, Virginia, and sons, Richard and Johnnie, of Springfield, Mr. and Mrs. William Herman and son, Larry, of Rock Island, and Mr. and Mrs. Fred Tendick and family.

Mr. Edward DeFries and son, Elmer, of Woodson, Oliver Sooy, Dale Blumling, Dale Walker and Donald Willis went on a hunting trip last week to the former son's home, Harry DeFries of McHenry.

Mr. and Mrs. John Coumbes and family entertained their family at a turkey dinner Thanksgiving day. Those present were Mr. and Mrs. Roy Coumbes and son, Mr. and Mrs. William Coumbes and family of East St. Louis, Mr. and Mrs. Lawrence Dobson and family of Rockford, Mr. and Mrs. Ed Coumbes, Mr. and Mrs. Ted Coumbes and family and Clark Coumbes.

Sunday visitors in the Coumbes home were Mr. and Mrs. Wayne Coumbes and family of Springfield and Mrs. Della Fanning and daughter, Wilma, of Jacksonville.

Mrs. Ethel Ross of White Hall and Mr. and Mrs. Richard Ross and children of Burlington, Iowa, were Thanksgiving dinner guests of the former's son-in-law and daughter, Mr. and Mrs. Donald Lakin and family.

Mr. and Mrs. Donald Mutch and family of Newman, Mr. and Mrs. Emory Grider and family of Barry, Mr. and Mrs. Charles Barton and family of Greenfield and Mr. and Mrs. Robert R. Mutch and family spent Thanksgiving day with their parents, Mr. and Mrs. Robert E. Mutch.

Thanksgiving guests of Mr. and Mrs. T. G. Beadles were Mrs. Rose Rousey of Jacksonville, Mr. and Mrs. John Paul Beadles and family and Mrs. Mozelle Irlam. Mrs. Rousey remained for a visit over the weekend.

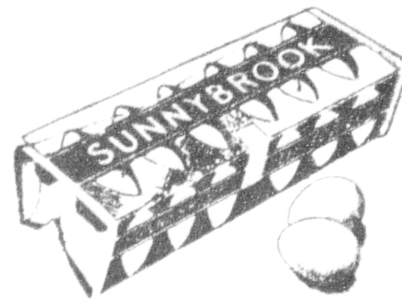

NORTONVILLE GUESTS

Mr. and Mrs. Frank Vedder of Nortonville entertained a group of guests at a Thanksgiving day dinner. The guests included Mr. and Mrs. Orval Mutch and daughter, Marjorie, Mr. and Mrs. Charles Mutch, daughters Karen Sue and Charla; Mr. and Mrs. Joe Vedder and children, Vernon, Mark, and Laron; Mr. and Mrs. Bill Vedder, Vickie and Susan Vedder; Mr. and Mrs. Bill Ors of Woodson and Miss Georgie Neeley of Springfield.

James P. Devlin Of Ashland Weds Springfield Girl

ASHLAND—James P. Devlin of Ashland and Miss Bernice Francisco, of Springfield, were united in marriage last Saturday morning, Nov. 27, at the St. Patrick's Catholic church in Springfield. The Reverend Father J. J. Haggerty performed the Nuptial Mass.

The bride is the daughter of Mr. and Mrs. Lawrence Francisco, 904 North Seventeenth street in that city, and the bridegroom is the son of Leo Devlin, Sr., of Ashland.

Miss Margaret Devlin and Leo Devlin, Jr., sister and brother of the bridegroom, attended the couple. Cheryl Lynn Cowden, niece of the bride, served as flower girl.

Ushers were George and Fred Francisco, brothers of the bride and John Devlin of Ashland, cousin of the bridegroom.

The bride wore a ballerina length gown of Chantilly lace and nylon tulle worn over taffeta. The strapless bodice was topped with a long sleeved lace jacket that featured a stand-up collar. The skirt was of tulle and billowed out from the nipped in waistline. Her shoulder length veil was of illusion and attached to a headband. She carried a prayer book topped with white roses and centered with pink rosebuds.

A breakfast was served to the wedding party at The Mill following the ceremony. In the afternoon from 1:30 to 3:30 a reception was held for relatives and guests at the Washington Park Pavilion.

After a brief wedding trip south the newlyweds will be at home at Ashland where the bridegroom is engaged in farming. Mrs. Devlin is employed by the Franklin Life Insurance company in Springfield.

FAST FRIENDS

ATCO, N. J., 47—Friends of James Gauder, 70, a broommaker, worked so fast after fire destroyed his tiny home that he had a new one before the embers were cold.

One company donated a 10 by 12 tool shed. Another hauled it to the site. Volunteer firemen in a canvass of the town, collected heating and cooking stoves, bed, tables, chairs, shades, curtains, blankets, bed linen and towels.

A volunteer work crew put on a new roof, repaired the floor, replaced broken windows and painted the place. As the grateful Gauder prepared to go to bed in his new home, firemen were still wetting down the embers of the old.

EXPANSION STOPPED
DETROIT (AP)—Suburban Roseville and St. Clair Shores have banned new home construction while they work out a plan to curb "growing pains."

Both are considering adding \$150 to \$300 to the cost of building permits, saying rapid expansion has outdistanced ability to provide sufficient schools or adequate water and sewer facilities without additional revenue. Roseville's ban includes new commercial as well as home construction.

TUNNEL SURVEYED
AOMORI, JAPAN, (AP)—Japan may build a tunnel between Honshu and Hokkaido, where a ferry capsized in a September typhoon with a loss of 1,000 lives. The National Railway Corp., which operates a ferry service between the two Japanese islands, has set aside funds for a thorough survey. The tunnel would be about 22 miles long.

**MORGAN - SCOTT
HOME BUREAU
NEWS**

Even if the small turkeys, that are plentiful on the market now are too big for you, you can still enjoy the American turkey tradition. Try roasting just half of a turkey this Christmas. First tie the tail and leg of the half bird together by stitching clean wrappings cord through the skin at the end of the leg and then through the meat at the tail. Turn the bird upside down and sew loose skin at the neck to form a pocket that you can fill loosely with stuffing. Now

salt the body cavity and fill it level with stuffing. Stuffings swell as they cook, so put it in slowly.

Cut some heavy paper or aluminum foil and place it over the stuffing. Then lace across the paper or foil, catching the skin on each side. Rub the skin with fat. Roast the bird in a shallow uncovered pan without adding water. The shallow pan allows heat to circulate around the bird, roasting it evenly. A rack in the pan prevents sticking by keeping the bird off the bottom. Roast at 300 degrees F. stuffing side down, basting every 45 minutes with the drippings. Half turkeys that weigh between 7 and 9 pounds take from 4 to 5 hours to roast.

Efficiency Counts During Holidays: Holiday cooking and baking will no doubt be taking up much of your time and energy now that the

year's biggest holidays are rapidly approaching.

To save some of that time and energy, think carefully about where your supplies are stored. Be sure that each piece of equipment and every ingredient in your kitchen is stored where it is first used.

Your flour sifter needs to be in the mixing center, not near the stove. Your soap powder or detergent needs to be stored near the sink, not in the mixing center. However, you may find that you'll want some things in two or more places.

For instance, you might need the salt at the stove just as often as you need it in the mixing center. And you may want to have a tray at the mixing center on which to assemble your ingredients, one at the sink on which to stack the dirty dishes, and still another near the stove to use in carrying hot foods to the table.

Your storage procedures and your storage facilities before the annual rush is on. Try to find ways of improving your efficiency in the kitchen. If you do, you'll find that you'll be less tired and more able to enjoy the holiday season.

Suggestions for Making Fruit Cakes: With only a few more weeks until Christmas, it's time to get the fruit cake stored. Even the best of fruit cakes will be better when they are left to mellow.

Fruit cakes can be either light or dark. Some are expensive, others are less expensive. However, they all follow certain basic rules. And here are some of them:

If you are pressed for time, you might want to use one of the candied fruit mixes on the market instead of buying various candied fruit and cutting the pieces yourself.

The size of the pieces is largely a matter of personal preference. However, if you cut the ingredients into small pieces it may be easier to slice the cake.

Cooking time is long for fruit cakes, but you can shorten it to about one third by using your pressure cooker. Small fruit cakes that require 3 to 3 1/2 hours to bake can be cooked in a pressure sauce pan in 1 to 1 1/2 hours.

Be sure to line your pan with waxed paper. Almost any metal container will do for baking fruit cake. Some people like to use coffee cans. Fill the containers about two-thirds full of batter, and cover them by tying several layers of waxed paper or a single layer of aluminum foil over the top.

Put about two cups of water into the pressure saucepan to be sure it doesn't go dry. Place the baking pan on a rack in the saucepan, and adjust the cover. Let the cake cook without pressure for 15 minutes. Then put on the weight and cook at 15 pounds pressure for about one third of the regular baking time. This preliminary steaming allows the cake to rise. If pressure were immediately applied, it would be necessary to increase the baking powder or soda.

After the cake has baked remove the pressure cooker from the heat, and let the pressure go down before opening the saucepan. Remove the paper from the top of the pan, and set it in a slow oven (250 degrees F.) for about one-half hour to dry the surface.

On removing the cakes from the oven, cool them without removing the lining paper. When they are cool, wrap them in waxed paper and store in a tightly covered container in a cool place.

Mohair is Good Upholstery Fabric: If you're looking for an upholstery fiber that is smooth, strong and resilient and that doesn't attract or hold dirt particles, mohair is your answer.

It absorbs dye evenly and permanently, is uniform in diameter and does not shrink or felt readily. Besides that, it is naturally wrinkle-resistant. Although mohair is used for summer suitings, it is used to a greater extent for upholstery fabrics than for clothing.

Mohair is the hair of the Angora goat, which is native to Turkey but is also raised in some parts of the United States.

Imported mohair is 9 to 12 inches long and represents a full year's growth. Domestic goats are shorn twice a year, yielding a shorter staple—8 to 10 inches. Other than this there is little difference.

There are different qualities or grades of mohair, and you can judge them by the fine and silky or the coarse and stiff hair.

Let Teen-Agers Entertain: With the holiday season near, why don't you throw open your kitchen to the teen-agers for gay holiday parties. Teen-agers need to get away from undrained eating places, and they are more at ease in a less formal atmosphere. Besides that, teen-agers need to develop skills as hosts and hostesses—greeting guests at the door, taking their wraps, leading them to the scene of activity and making introductions.

It's true that your kitchen may have that "lived-in" look when you let them entertain there, but they must realize that they are responsible for leaving it clean. If they've had fun, they won't mind the clean-up.

You, of course, are expected to provide the food. A well-stocked pantry, so far as teen-agers are concerned, contains bacon, eggs, fruit juice, milk, cocoa, bread, cake or cookies and all the makings for sandwiches, such as meat, cheese, peanut butter, jelly, pickles, onions, relish, etc.

Maybe there isn't room in your kitchen for the teen-agers. If there isn't, why not have them in the living-room around the fire in the fireplace? How about sharing with a teen-ager some of your talents or hobbies, such as knitting, photography or woodwork?

Teen-agers are first the responsibility of parents and then a community responsibility. If a youngster receives constructive help and attention during his teens, he will become the type of adult others expect him to be.

CREAMED TUNA ON SPAGHETTI

1 reg. size pkg. Red Cross Long Spaghetti • 2 tablespoons butter • 2 tablespoons flour • 1-1/2 cups milk • 1 teaspoon salt • 1/8 teaspoon pepper • Paprika • 1 cup cooked green peas • 1 can tuna fish

Cook spaghetti as directed on package. Drain and arrange in nest on platter. While spaghetti cooks, make a white sauce of the next six ingredients. Add peas and tuna, which have been separated into large pieces with a fork, and continue cooking only long enough to heat the peas and tuna. Pour into spaghetti nest and serve at once. Serves 6 to 8.

For best results use only Red Cross Long Spaghetti

P. S. If you prefer thin spaghetti, which cooks in 7 minutes, ask for "Red Cross Long-Thin Spaghetti."
